

THOUGHTS
VS.
FEELINGS

A large, white, swirling, tunnel-like structure, possibly a sculpture or a large-scale art installation, dominates the foreground. The structure is composed of many concentric, overlapping loops that create a sense of depth and movement, resembling a vortex or a tunnel. The background shows a park-like setting with green grass, trees, and a clear sky. The text 'THOUGHTS vs. FEELINGS' is overlaid in the center of the structure in a bold, black, sans-serif font.
